CLEAN DIESEL REPLACEMENT FUNDING

REDUCE EMISSIONS AND CUT COSTS

Ditch diesel and get up to 45% back when you switch to cleaner technologies, including electric, compressed natural gas or propane. With \$1.7 million in funding available through the Diesel Emissions Reduction Act, Metropolitan Energy Center is awarding grants all summer long – but only while funds last.

WHO SHOULD APPLY?

This opportunity is ideal for...

- ✓ School districts
- ✓ Municipalities
- ✓ Businesses
- ✓ Utilities
- ✓ Port Authorities/Rail
- ✓ Freight Lines/Freight Yard Operators

WHY APPLY?

- ✓ **Financial Support:** Receive up to 45% back in total project costs, helping make sustainable upgrades achievable.
- ✓ **Cleaner air:** Replace diesel with low- or zero-emission options
- ✓ **Healthier communities:** Reduce pollution in your community

APPLY NOW:

Applications accepted on a rolling basis through Sept. 8 or until funds run out.
